# GLASS SCREENS AND FINISHES

FUNCTION

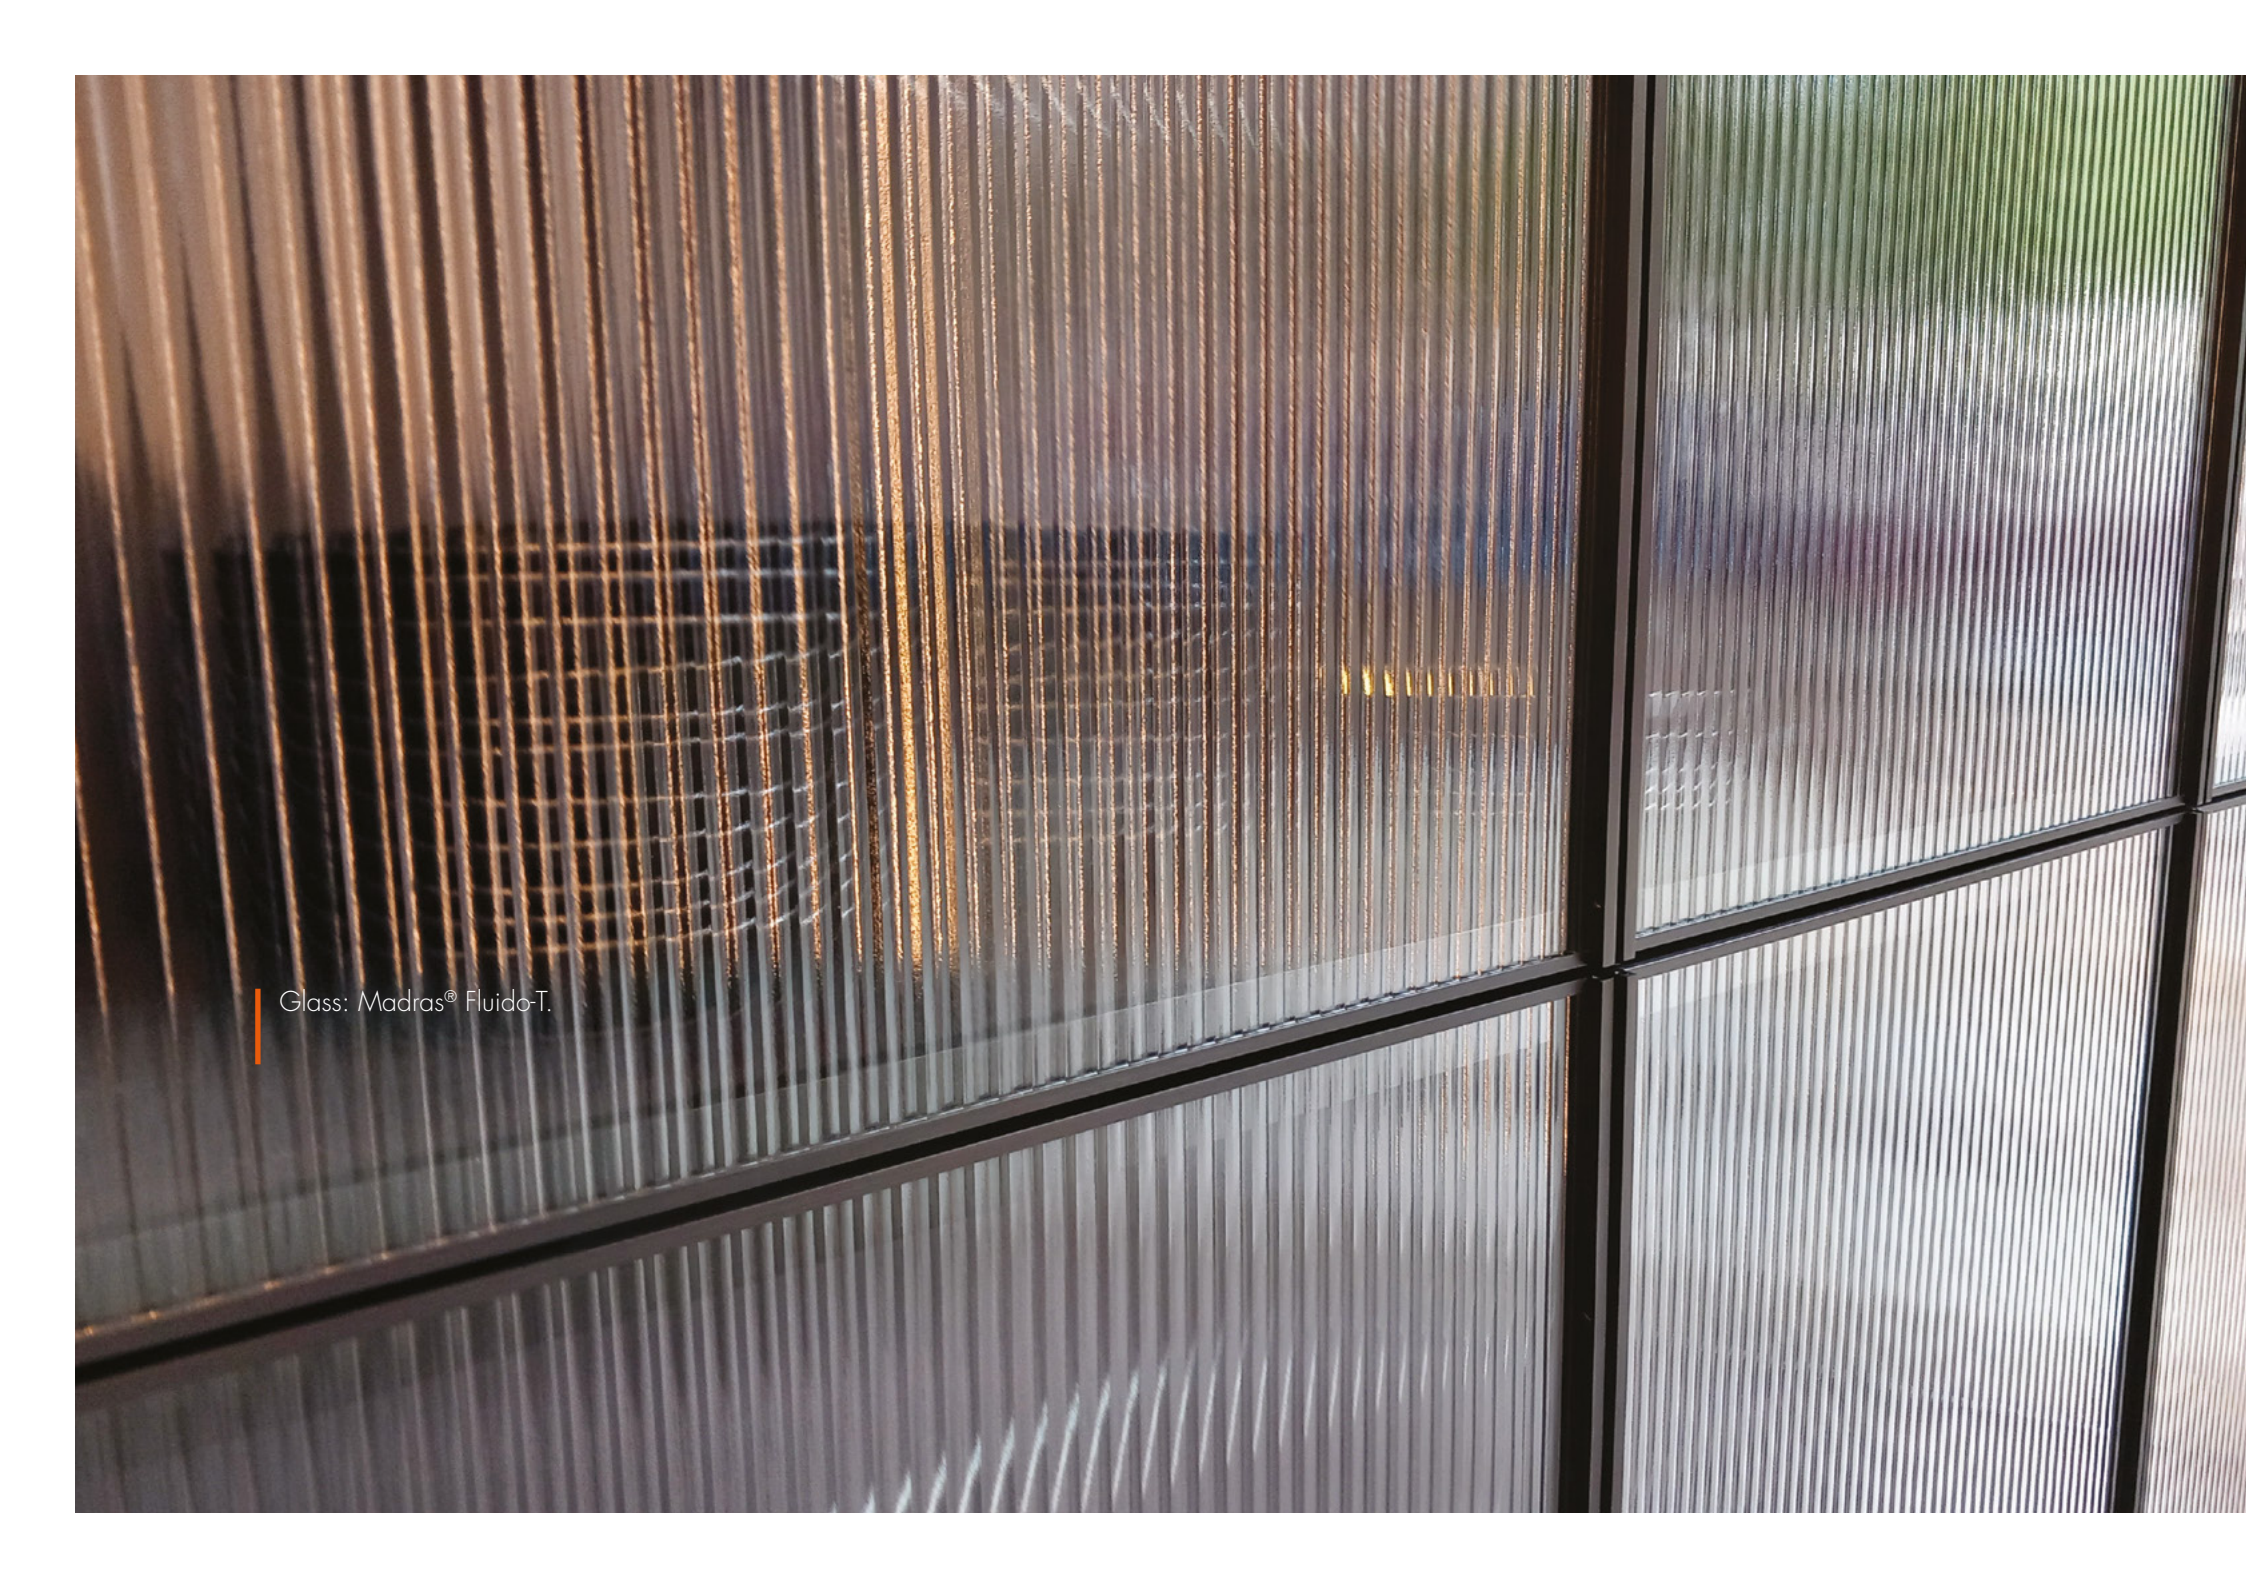

# SCREENING

For **doors on wall-** and **floor-standing units**, Madras® transparent and semi-transparent glass, in sheets measuring 2000 / 2250 / 2400 x 3210 mm, with thicknesses from 4 mm up.

Glass: Madras® Millerighe.

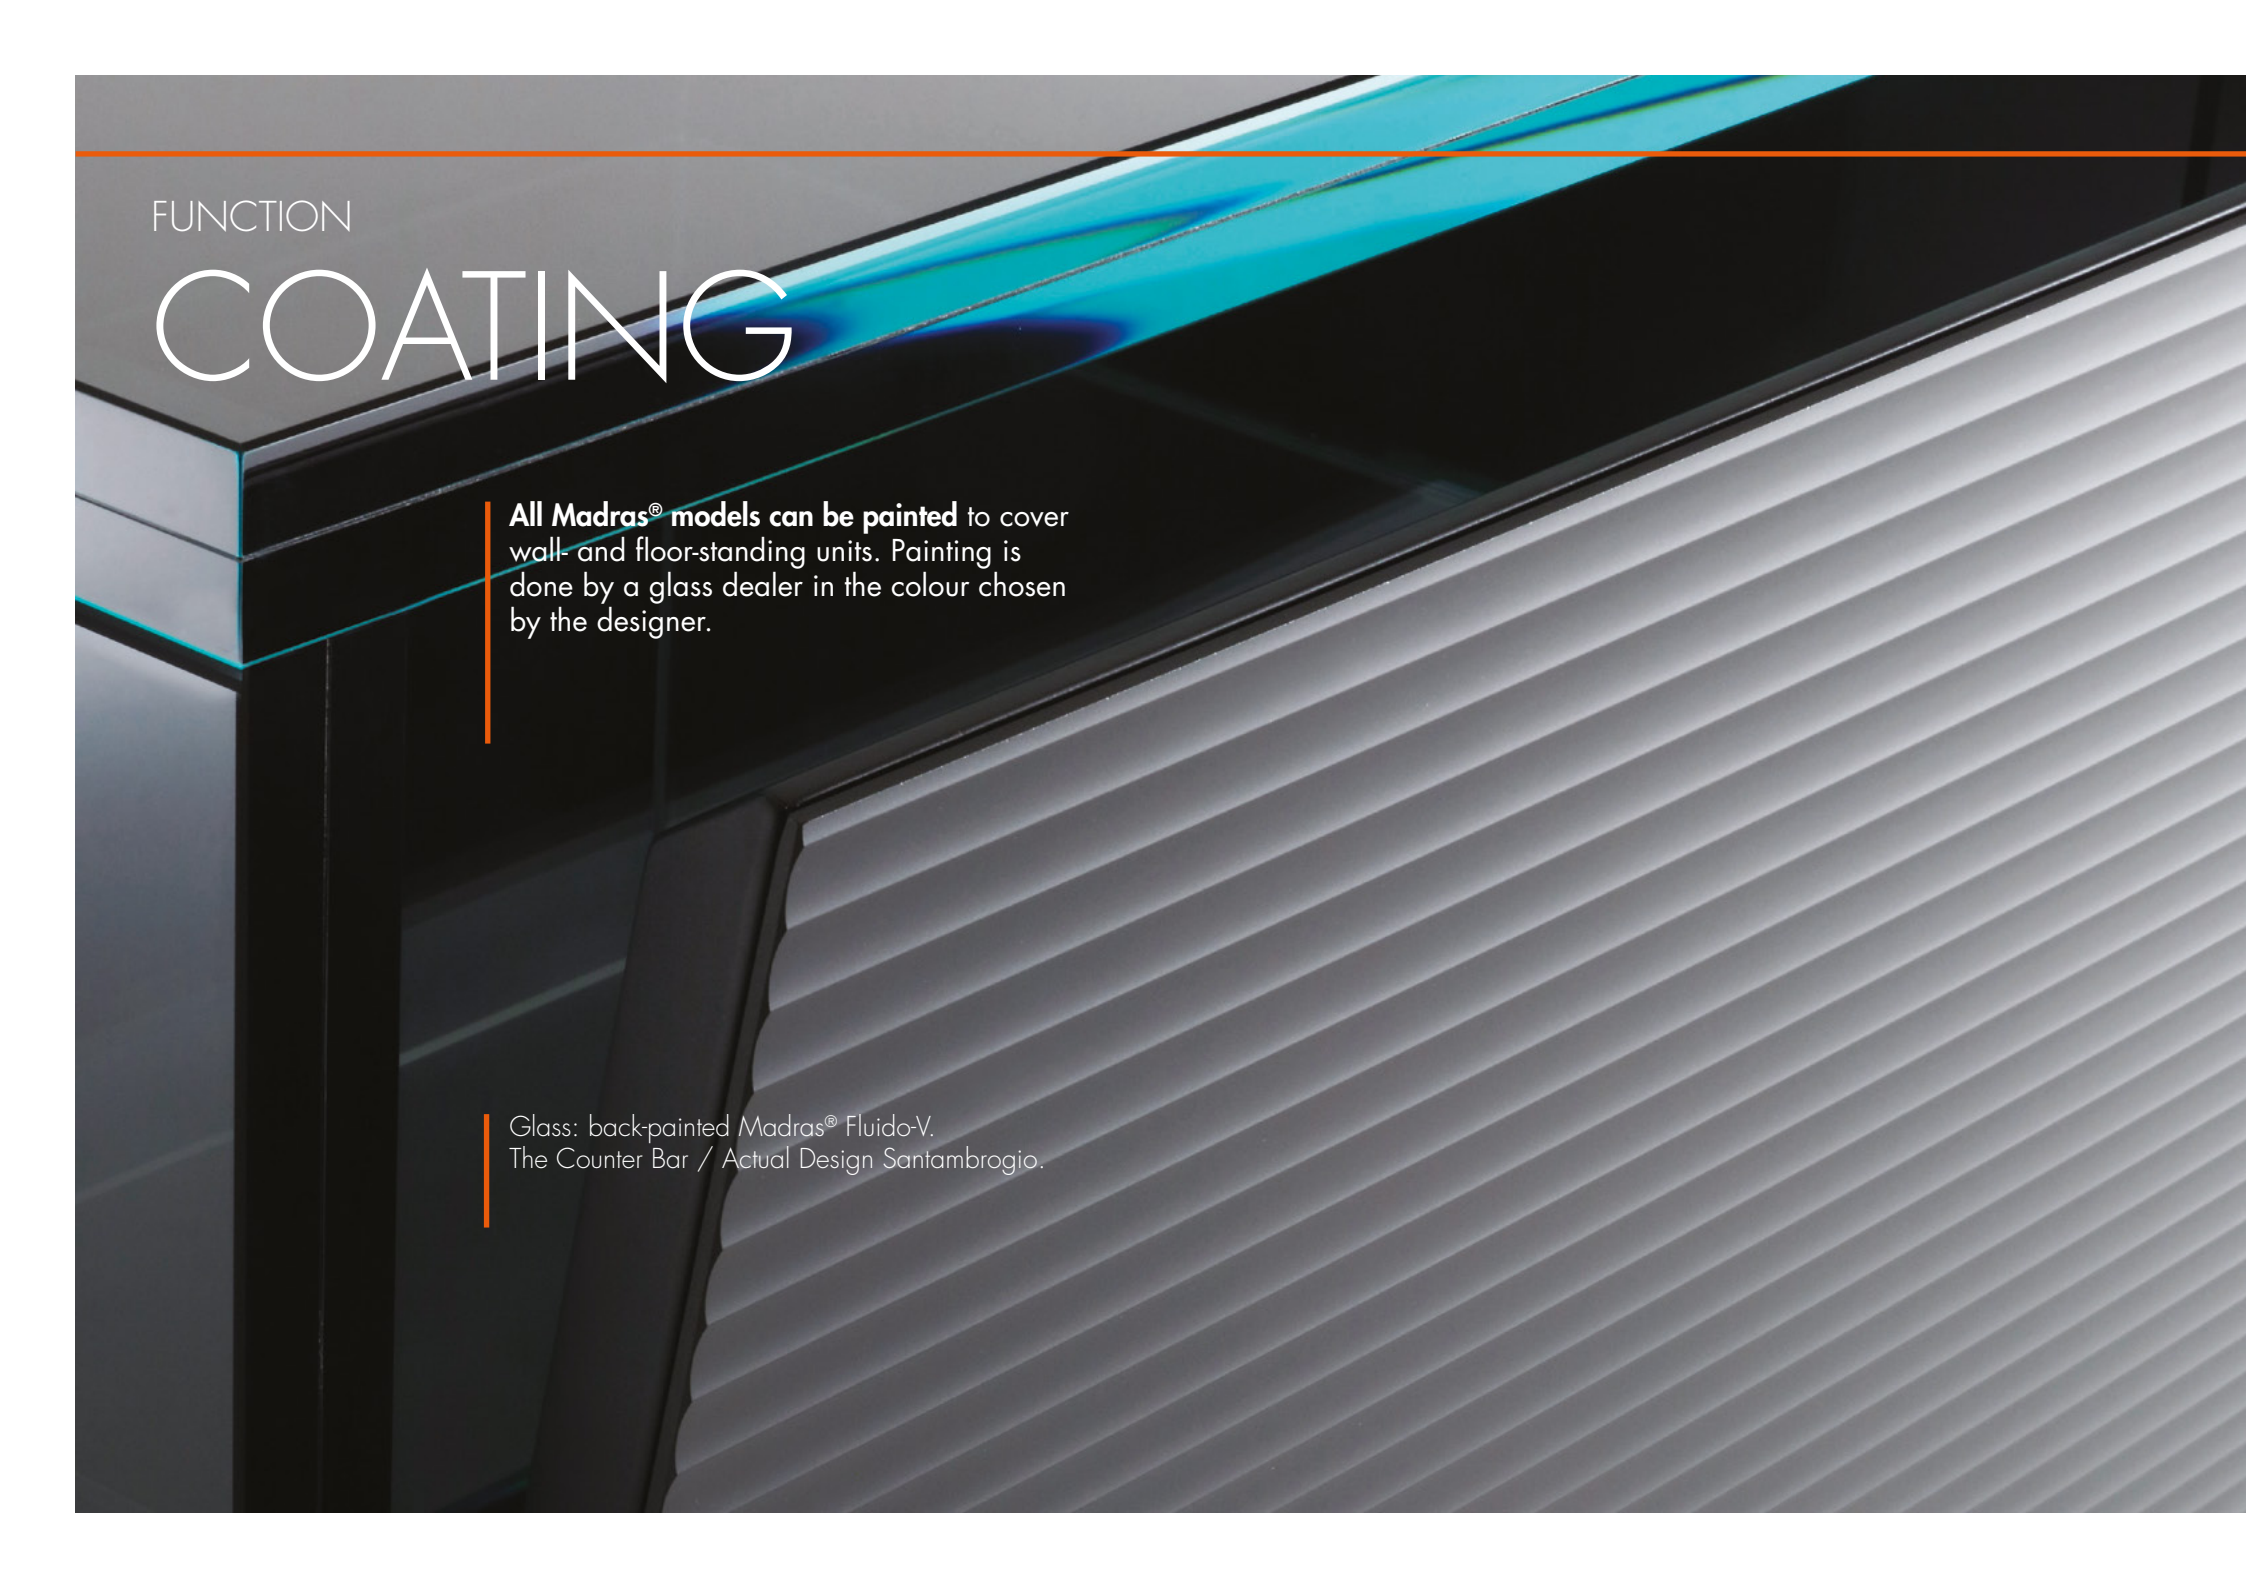

Glass: Madras® Millerighe.

A large glass window with a grid pattern reflecting a city skyline at sunset. The reflection shows a tall building with a grid of windows, some of which are illuminated. The sky is a mix of orange, yellow, and blue. The window is framed by a dark metal frame.

Glass: Madras® Fluido-T.
